REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:
2. Claims 1, 21 and 25 are directed toward a fluidized bed reactor and method of using such a reactor. In the claims, the reactor contains a nanoparticle catalyst which is between 15 and 25nm in size and contains a first input which partially fluidized the nanoparticles. The closest prior art teaches such an apparatus, however, the prior art neither teaches nor suggests including a separate fluidizing input which is located downstream of the first input and is directed toward a lower surface of the reactor with an angle between 0 and 90 degrees.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MATTHEW J. MERKLING whose telephone number is (571)272-9813. The examiner can normally be reached on M-F 8:30-4:30.
